

Kuraray Co., Ltd.
Isoprene Company
Genestar Division

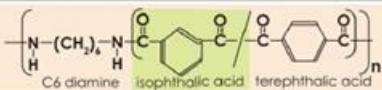

July 2nd, 2019

Dear Customer:

Subject: Incorrect information for another product described in the presentation of GENESTAR™

EMS-CHEMIE (Japan) Ltd. notified Kuraray Co., Ltd. that we incorrectly reported thermal property values about their product, "Grivory HT1", in the presentation on this website from December 13, 2018. We apologize for the error and are now reporting the correct values which were provided by EMS-CHEMIE (Japan) Ltd.

Incorrect part: Presentation name GENESTAR™ "High Performance Polyamide: PA9T"
P.22 "Feature of chemical structure"

Materials (brand name, Producer)	Chemical structure	Thermal Properties	<Correct values>
PA6-IT (Grivory, HT1, EMS)	 C6 diamine isophthalic acid terephthalic acid	Tm=310°C Tg=80°C	Tm:325°C Tg:130°C

Sincerely yours,
